

**Job Description: Appliance Repair Technician****Position:** Appliance Repair Technician**Location:** Various Locations (Local travel required)**Company Overview:**

Join our dynamic team at **SNOQSR**, a locally owned Central Valley restaurant chain. We operate several fast-food restaurants and are seeking a skilled Appliance Repair Technician to ensure the optimal performance of our kitchen and restaurant equipment.

**Key Responsibilities:**

- **Equipment Maintenance:** Perform routine maintenance and repairs on a variety of kitchen and restaurant appliances, including fryers, ovens, grills, refrigerators, freezers, dishwashers, and beverage dispensers.
- **Troubleshooting:** Diagnose and resolve technical and mechanical issues to minimize downtime and ensure equipment reliability.
- **Installation:** Install new appliances and kitchen equipment, ensuring proper setup and integration with utility systems.
- **Emergency Repairs:** Respond promptly to urgent repair requests, addressing equipment failures to prevent disruptions to restaurant operations.
- **Preventative Maintenance:** Develop and execute maintenance schedules to extend the lifespan of equipment and prevent breakdowns.
- **Training:** Provide guidance and training to restaurant staff on proper usage and care of appliances to reduce wear and tear.
- **Safety Compliance:** Ensure all repairs and installations comply with safety standards, manufacturer specifications, and local regulations.
- **Documentation:** Maintain detailed service records, including work performed, parts used, and recommendations for future maintenance or replacements.
- **Collaboration:** Work closely with restaurant managers and other technicians to coordinate repair schedules and prioritize tasks.
- **Parts Management:** Order and manage inventory of spare parts and tools required for repairs and maintenance.

**Qualifications:**

- **Education:** HS Diploma or equivalent.
- **Experience:** Minimum of 2 years of experience in appliance repair, preferably in a commercial or restaurant setting.
- **Technical Skills:** Proficiency in diagnosing and repairing a range of commercial kitchen equipment and appliances.
- **Communication:** Strong verbal and written communication skills, with the ability to explain technical issues clearly to non-technical staff.
- **Problem-Solving:** Excellent troubleshooting and problem-solving skills with a proactive approach to identifying and addressing issues.
- **Physical Ability:** Ability to lift and move heavy appliances and work in confined spaces as required.
- **Availability:** Willingness to travel between restaurant locations and provide on-call support as needed.
- **Driver's License:** Valid driver's license with a clean driving record.
